★★★★★

Good place. Beautifully decorated and well maintained. The Interior is just very beautiful. The place is worth visiting. You will surely enjoy yourself here. Well, I didn't stay here, I just visited this place to see it. The wonderful architecture. Since I have not stayed here I cannot tell about the rooms and their maintenance but as a tourist you can pass your time here.

One of the finest hotel in India since Britishers were ruling. It's a five star hotel. Very iconic one . I haven't checked in to the hotel since it's for the wealthiest! But the look from the outside is just marvelous. I hope one day I'll be rich enough spend a night in one of the sea facing suites. If you're rich and an Indian, you should spend a night here. The location is just beautiful. Near the gate way of India.

Stayed here for a week's quarantine after an international flight. The staff were extremely friendly and took care of our every need. Everyone had complete PPE on and took all precautions to make us feel safe. We were served a wide variety of good quality food, and all service requests were completed very quickly. There's a reason why this hotel is considered one of the best in India and the Taj brand is synonymous with customer satisfaction, and I hope to stay here again after the pandemic ends!

★★★★★

World class authentic five star hotel. Rooms and services are very good like any other five star hotels but the museum like feel in each floor with super vintage collection makes it different. Few rooms got sea and Gateway of India view and food is also delicious.

★★★★★

Amazing building... This hotel is not only the landmark of Mumbai. The Taj is now a landmark of India. It is very beautiful to see at evenings. Elegant place having stunning building. Many horse carts are there in this area.
